

New Tesco Bank Credit Card Payment Details

If you pay your Tesco Credit Card bill online using your online banking, there is a change to the Tesco Bank account you send your credit card payment to each month.

The account details are changing to:

New sort code: 990231

New account number: 35251277

Please note, your 16 digit credit card number is **not** changing and you can continue to use your Tesco Bank Credit Card as normal.

What this means for you

- **Payments using the mybills.ie website via Anpost**

If this is how you pay your credit card bill, you don't need to make any changes. Your payments will continue as normal.

- **Transfers from your bank account**

If you pay your credit card by transferring money from a bank or building society account, please use the new details for all future payments.

- **Standing Orders**

If you have a Standing Order set up to pay your bill, you will need to update the Standing Order with the new details. Your bank or building society will be able to help you make this change.

You should continue to use your 16 digit credit card number as the reference for payments, and please enter all numbers without any spaces or dashes.

It is important to make these changes between now and 30th July. Any payment made after this date should use the new details to make sure the payment is received correctly and on time.

Where to go for more information

If you have any questions please visit our 'Ways to Pay' page at <http://www.tesco.ie/finance/visacards/pay.html> where you can find details about all our payment methods.
